

Appendix 8: Alternative route sections at Yr Ocar, nr Bethesda & Llanberis

8a (i) - Yr Ocar alternative - More pleasant northern end of alternative south of Bethesda at Yr Ocar. Route runs alongside stream and slate fencing and in woodland and already signed as permissive route. **Grid Ref: SH 61444,66263**

8a (ii) - most of route has good wide surface before enters wood with lovely slate fencing bounding route. Becomes narrower though at southern end in woodland. Grid Ref: **SH 61442 66271**

8a (iii) rough poor surface laid with logs for about 8m needs removing and proper gravel surface laying. Grid Ref: **SH 61267 66101**

8a(iv) – route at southern end crosses good footbridge where it is now already part of an existing public footpath and joins public road at top of drive of property of Yr Ocar. Grid Ref: **SH 61101 65909 & SH 61151 65935**

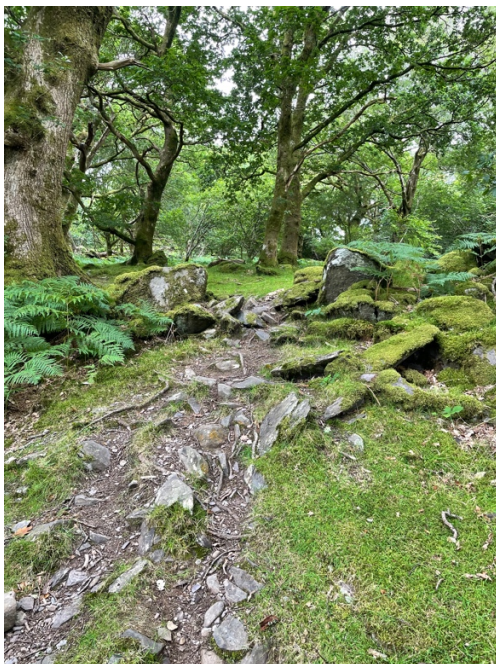

8b - Llanberis alternative viewed from west to east with points of interest /issues along existing public footpath.

Start of route off public road at eastern end Grid Ref: **SH 56815 60418**

Route climbs up woodland via gaps in stone walls, Grid Ref: **SH 56776 60408**

Point A – gate made from hurdles (Grid Ref: SH 55908,60140), however hand been tied back and was open on second visit, better structure required ie field gate or gate within gate.

Point B – stile with lower broken ladder rung (Grid Ref: SH 56478,60305)

Point C – fallen down fencing next to path (Grid Ref: SH 56609,60328)

Wet /boggy area in middle of Llanberis alternative. Approx 200 m west of Point B

Point x – legal line of public footpath route blocked by stone wall and fencing at SH 55813 60037 near western end of route (note appears on ground people continue to head south to join Trail as gate where rejoins Slate Trail but not legal route).

Western end of route at Grid Ref: **SH 55377 59883**
